* Mr. Finzel of the Senate Subcommittee on Manpower Policy of the Senate Post Office and Civil Service Committee called the Legislative Counsel for information regarding our personnel manpower problems. Mr. Pforzheimer explained to him that we would prefer to have the Committee exempt CIA from its studies for reasons of security, with which Mr. Finzel agreed. The Committee also plans to exempt the FBI. Mr. Finzel told Mr. Pforzheimer that he would have the Chief of the Committee staff, Mr. Purvis, call to discuss the exemption further, but was certain that it would raise no problem.
